Brand New ! 24 in Trike! Black in color has large basket with water proof liner the seat it came with was not comfy so I bought a Schwinn extra wide seat for it and is very comfy paid 300 for the bike and paid someone to assemble it.. the seat was another 40 bucks Plus I bought a 30 dollar foot pump for it. I rode it 3 times to the end of the block. Haven't used it since. It has fenders for the back. A bell and all the items I talked about I will include in the price Asking 300. With all the extras thrown in. Come by and check it out. It's brand new!!
