DetailsApplyCompany Overview:At Memorial Sloan Kettering (MSK), we're not only changing the way we treat cancer, but also the way the world thinks about it. By working together and pushing forward with innovation and discovery, we're driving excellence and improving outcomes. For the 28th year, MSK has been named a top hospital for cancer by U.S. News & World Report. We are proud to be on Becker's Healthcare list as one of the 150 Great Places to Work in Healthcare in 2018, as well as one of Glassdoor's Employees' Choice Best Place to Work for 2018. We're treating cancer, one patient at a time. Join us and make a difference every day.**Job Details:**The Research Animal Resource Center (RARC), a component of the Center of Comparative Medicine and Pathology which provides staff and facilities to effect the humane care and use of animals used in research and teaching at MSKCC, is currently seeking a Vet Tech. The Vet Tech will provide health care to laboratory animals maintained at MSKCC and occasionally Weill Cornell Medical College (WCMC) by evaluating cases and implementing treatment in consultation with the veterinary staff. The Vet Tech is Responsible For: Animal Health Care and Compliance In compliance with departmental SOP's, institutional, local, state and federal regulations and AAALAC accreditation standards, performs rounds and monitors animals to assess compliance and animal health and well-being. Under general supervision, evaluates and assesses common disease conditions and reports problems to veterinary technician supervisor, veterinary or management staff, and investigators, as appropriate. As directed, administers clinical treatment, collects diagnostic and environmental samples, and administers euthanasia when necessary. Reports issues of non-compliance to Education and Quality Assurance staff in a timely and appropriate manner.**Preventive Medicine**Performs or assists with routine quarantine procedures on primates, dogs, cats, farm animals and rodents, including physical exam, blood collection, TB tests and collecting samples for ectoparasite examinations, rectal cultures and other tests. Vaccinates animals as required. Participates in the rodent sentinel health surveillance program.**Investigator Communication**Contacts investigators regarding health and welfare issues via email and/or telephone. Assist investigators to understand and adhere to MSKCC, state, local, federal and AAALAC required standards. Maintains current contact information for investigators.**Surgery Support**Maintains and operates the Research Animal Service and Imaging Center. Prepares the operating room for procedures including preparation and sterilization of surgical instruments and supplies, places corrective tubing and airway anesthetics and monitoring equipment prior to surgery. Assists veterinarians and investigators
